

**DriveWise** a leader in advanced training & simulation technology has developed **Incident Command Solutions (ICS)**. The risk mitigation process has been significantly enhanced by utilizing technologies, philosophies and training aids from the aerospace industry.

**DriveWise ICS** Simulation will allow you to:

- ✓ Program mental software
- ✓ Be placed in dangerous situations within a safe, controlled environment
- ✓ Practice Standard Operating Procedures for emergency situations in real time
- ✓ Assess gaps in existing training, policies and standard operating procedures
- ✓ Detect areas of lack of understanding and vulnerability
- ✓ Achieve a higher level of understanding and proficiency

**DriveWise** Solutions can be used as a stand-alone or additional means of training to enhance your existing systems. **ICS** can assist in identifying simple and complex challenges using a proactive, unobtrusive and interactive method.

INCIDENT COMMAND SOLUTIONS

## SIMULATION POWERED LEARNING

### *A MODERN APPROACH TO CRISIS MANAGEMENT*

- INCREASE SAFETY ▪
- REDUCE RISK ▪
- DECREASE COST ▪
- SAVE LIVES ▪

## ICS Courses

- ❖ Crew Resource Management
- ❖ Threat & Error Management
- ❖ Situational Awareness
- ❖ Critical Thinking
- ❖ Information Processing
- ❖ Perception
- ❖ Attention
- ❖ Decision Making
- ❖ Prioritization
- ❖ Delegation
- ❖ Leadership
- ❖ Teamwork
- ❖ Strategizing
- ❖ Vigilance & Monitoring
- ❖ Workload
- ❖ Surprise & Startle
- ❖ Stress Management
- ❖ Sleep & Fatigue
- ❖ Human Factors
- ❖ Identifying Strengths & Weaknesses
- ❖ Personality & Cultural Differences

## Aerospace Industry Advantages:

- ❖ Human Factors
- ❖ Human Performance and Limitations
- ❖ Distractions and Stressors
- ❖ Normalization of Deviance

A proactive method in identifying areas of vulnerability. These areas of challenge can then be transformed into strengths. The **DriveWise** solution is a highly effective and powerful delivery method in cognitive skill development, behaviour modification and situational awareness building.

## The ICS training can be conducted at all levels:

### TACTICAL

Participants receive instruction, guidance and feedback in critical thinking

### OPERATIONAL

Risk & Threat Error Management

### STRATEGIC

Strengths, Weaknesses, Opportunities & Threats Analysis

**DRIVEWISE**  
INCIDENT COMMAND SOLUTIONS

## ICS Solutions

- ❖ Incident Command Improvement
- ❖ Upgrade Training
- ❖ Advanced Training
- ❖ Specialized Training
- ❖ Focus Training
- ❖ Recurrent Training
- ❖ Profile Evaluation
- ❖ Vulnerability Programs
- ❖ Design & Development
- ❖ Standard Operating Procedures
- ❖ Scenario-Based Training
- ❖ Incident/Failure to perform Investigation
